

# HANGMAN

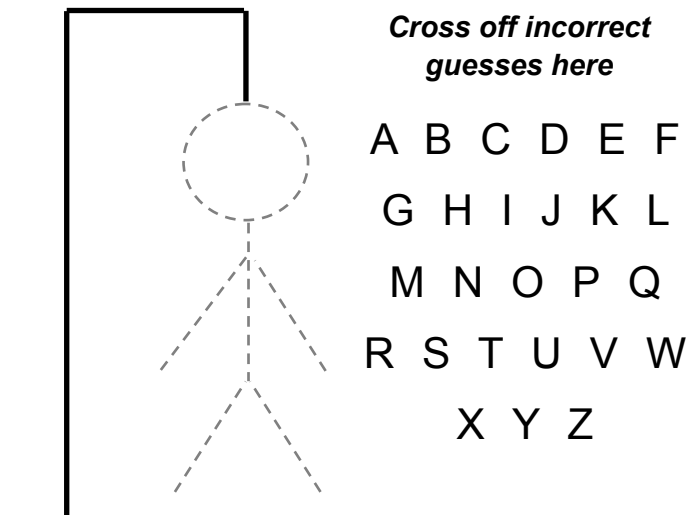

**HOW TO PLAY:** Player One thinks of a person, place, movie or book title. Instead of writing out the saying, they leave an underscore for each letter in each word. Player Two guesses one letter at a time. If the mystery saying contains the letter, it is written in the correct place. If not, the first player draws a head on the hangman scaffold. When enough incorrect letters have been guessed, the body is complete, and the second player loses. If the guesser solves the puzzle before the body is complete, they win.
